CHEMTREAT AH1

PRODUCT DESCRIPTION & BENEFITS

CHEMTREAT AH1 is a highly concentrated, liquid acid descalant designed for the effective removal of scale deposits and iron oxides from boilers and other heat exchange systems, ensuring the parent metal remains untouched. It effectively eliminates hardness deposits and iron oxides, offering a cost-effective and easy-to-use solution.

TREATMENT AND DOSAGE REQUIREMENTS

For removing hardness deposits, a sample of scale should, if possible be removed from the plant and placed in a solution of the solvent at the temperature at which the clean will be carried out.

The concentration required is generally in the range of 5-15 % of water depending on the quantity and characteristics of the scale being removed.

	Units	BCI Specifications	Test Methods
Appearance	-	Clear liquid	ASTM-E2680
Density	g/ml	0.5 - 1.0	ASTM-D1293
PH as supplied	-	1.10 - 1.20	ASTM-D891

All technical data stated in this TDS are based on our actual laboratory analysis.

ECOLOGY, HEALTH & SAFETY

For more information on the safe handling, storage, and disposal of chemical products, please refer to the most recent Safety Data Sheet (SDS).

AVAILABLE PACKAGING

· 30 L Jerrycan

APPLICATIONS

CHEMTREAT AH1 is used as scale and iron removal for boilers and heat exchangers systems. Consult your BCl sales Engineer for specific recommendations.

STORAGE CONDITIONS

CHEMTREAT AH1 could be stored for 12 months from the date of production if stored properly in undamaged, unopened, and original sealed packaging.

DISCLAIMER

All sales by BCI, its subsidiaries, or affiliates "seller", are governed by the seller's standard terms and conditions of sale, available upon request unless otherwise agreed in writing. while information and recommendations regarding product application and end use are provided in good faith based on current knowledge and experience, the seller makes no warranty, express or implied, regarding merchantability, fitness for a particular purpose, or liability arising from use.

Customers must evaluate the suitability of the product for their intended application, ensure, compliance with third-party proprietary rights, and refer to the most recent product Datasheet, available on our site or upon request, for accurate guidance.
