

# SUPERKLENE 150

## PRODUCT DESCRIPTION

Superkylene 150 is a synthetic detergent powder specially formulated with a high oxygen bleach content for strong stain removal, ideal for hospital and linen use. It combines anionic and non-ionic detergents, effective on both cotton and synthetics, with advanced proteolytic enzymes that break down protein stains at 60°C. The formulation includes alkaline salts for optimal wash conditions, complex phosphates for hard water, soil-suspending agents, and durable optical brighteners to maintain whiteness and resist Hypochlorite bleach treatments.

	Units	BCI Specifications
Appearance	-	White powder
Density	Kg/L	0.8 – 1.0
PH 0.5% solution	-	10.5 – 12.0

All technical data stated in this TDS are based on our actual laboratory analysis.

## USAGE GUIDE FOR 45 KG DRY WEIGHT FABRIC

- Light/Medium Soiling : Add 350 - 450 gms to the main wash at up to 60° and run for a minimum of 12 minutes.
- Heavy Soiling : Add 350 - 450 gms to the first wash at up to 60°. Add 150 - 250 gms to the second wash at up to 85° and run for a minimum of 12 minutes.

## ECOLOGY, HEALTH & SAFETY

For more information on the safe handling, storage conditions, and disposal of chemical products, please refer to the most recent Safety Data Sheet (SDS).

## AVAILABLE PACKAGING

- 25 KG Bag

## DISCLAIMER

All sales by BCI, its subsidiaries, or affiliates "seller", are governed by the seller's standard terms and conditions of sale, available upon request unless otherwise agreed in writing.
