

# COOLTREAT 680

## PRODUCT DESCRIPTION

COOLTREAT 680 is a specialized blend of corrosion and deposit control agents designed for recirculating cooling water systems. It provides effective corrosion inhibition for ferrous and non-ferrous metals while delivering excellent deposit control. This non-polluting formulation is free from heavy metals and nitrites, passivates active corrosion cells, prevents hardness salt deposition, and gradually removes existing corrosion debris, all without requiring pH control, ensuring efficient and user-friendly operation.

## TREATMENT AND DOSAGE REQUIREMENTS

Dosage rate and application requirements will be specified for each individual system and will be dependent upon water quality and system operating parameters.

COOLTREAT 680 may be fed through normal dosage equipment or directly from the drum.

	Units	BCI Specifications	Test Methods
Appearance	-	Pale yellow liquid	ASTM-E2680
Density	g/ml	1.200 - 1.400	ASTM-D891
PH as supplied	-	11.0 - 12.5	ASTM-D1293

All technical data stated in this TDS are based on our actual laboratory analysis.

## ECOLOGY, HEALTH & SAFETY

For more information on the safe handling, storage, and disposal of chemical products, please refer to the most recent Safety Data Sheet (SDS).

## APPLICATIONS

COOLTREAT 680 is used as corrosion and scale inhibitor for domestic water systems. Consult your BCI sales Engineer for specific recommendations.

## AVAILABLE PACKAGING

- 30 L Jerrycan

## STORAGE CONDITIONS

COOLTREAT 680 could be stored for 12 months from the date of production if stored properly in undamaged, unopened and original sealed packaging.

## DISCLAIMER

All sales by BCI, its subsidiaries, or affiliates "seller", are governed by the seller's standard terms and conditions of sale, available upon request unless otherwise agreed in writing, while information and recommendations regarding product application and end use are provided in good faith based on current knowledge and experience, the seller makes no warranty, express or implied, regarding merchantability, fitness for a particular purpose, or liability arising from use.

Customers must evaluate the suitability of the product for their intended application, ensure compliance with third-party proprietary rights, and refer to the most recent product Datasheet, available on our site or upon request, for accurate guidance.
