

PRODUCT DESCRIPTION

HATAMET 7 is a liquid treatment formulated with sodium silicate and sodium hexametaphosphate to prevent corrosion and hardness scale formation in static and dynamic water storage tanks used in domestic and commercial potable water systems. Specifically designed to ensure both corrosion protection and non-toxicity, it is easy to apply via a metering pump or directly from the drum. HATAMET 7 is approved for potable water systems, offers superior corrosion and scale inhibition.

TREATMENT AND DOSAGE REQUIREMENTS

Dosage rate and application requirements will be specified by BCI sales Engineer for each individual system and will be dependent upon water quality and system operating parameters. As a general guide, an initial dosage to create a protective film to inhibit corrosion will be applied before the lower maintenance dosage is established. HATAMET 7 should be applied continuously, preferably by a metering pump. HATAMET 7 is not corrosive to steel or plastics in concentrated or diluted form. It may be pumped neat as supplied or diluted for convenience using clean cold water.

	Units	BCI Specifications	Test Methods
Appearance	-	Clear liquid	ASTM-E2680
Density	g/ml	1.200 – 1.350	ASTM-D891
PH as supplied	-	11.0 – 13.0	ASTM-D1293

All technical data stated in this TDS are based on our actual laboratory analysis.

ECOLOGY, HEALTH & SAFETY

For more information on the safe handling, storage, and disposal of chemical products, please refer to the most recent Safety Data Sheet (SDS).

APPLICATIONS

HATAMET 7 is used as anticorrosion and anti-salant for domestic and potable water systems, and, with correct dosing, enhances the efficiency and prolongs the lifespan of system pipework ensuring long-term reliability and safety.. Consult your BCI sales Engineer for specific recommendations.

AVAILABLE PACKAGING

- 30L JERRYCAN

STORAGE CONDITIONS

HATAMET 7 could be stored for 12 months from the date of production if stored properly in undamaged, unopened, and original sealed packaging.

DISCLAIMER

All sales by BCI, its subsidiaries, or affiliates "seller", are governed by the seller's standard terms and conditions of sale, available upon request unless otherwise agreed in writing. While information and recommendations regarding product application and end use are provided in good faith based on current knowledge and experience, the seller makes no warranty, express or implied, regarding merchantability, fitness for a particular purpose, or liability arising from use. Customers must evaluate the suitability of the product for their intended application, ensure compliance with third-party proprietary rights, and refer to the most recent product Datasheet, available on our site or upon request, for accurate guidance.
